GREAT BRITAIN.

LONDON, October 8.—The sessions of the Church Congress opened at Liverpool on the 6th inst. The Dean of Chester urged the importance of a large hearted and generous treatment of all non-conformists and Catholics.

Several members of the Congress absented themselves on account of a paper presented by Mackonochia.

Rev. Frederick Temple has been appointed Bishop of Exeter.

Parliament has been prorogued until the 23d of December.

There have been no extraordinary tide to-day on the English coast.

Kelly, the English oarsman, will probably accompany Walter Brown on his return to America.

The *Academy* publishes a letter written by Lord Byron in 1817, expressing his desire that the Noel family will make a statement of the cause of his separation from Lady Byron, and pledging himself to meet all obligations incurred. Lord Byron wrote that he was utterly ignorant of the reasons for his wife's action, and declares that he is not aware of the purpose for which it is withheld from him, unless it is to sanction the most infamous slanders by silence.

FRANGE.

PARIS, October 8.—Deputies Simm and Maguire support Deputy Jules Favre in calling a meeting of the members of the Corps Legislatif to take action in regard to the delay in the convocation of the Chambers.

Baron Haussmann, Prefect of the Saine, died suddenly to-day at Bordeaux, from a stroke of apoplexy.

Nearly all the journals deprecate the proposed manifestation of the Deputies of the Left on the 26th October.

At the opening of Trade Hall, in Liverpool. Lord Stantley made a speech in which he admitted that it was natural for workman to combine for a share in the profits of their industry, and declairded that he expected a more extended application of the co-operative principle in the future.

The *Times*, in an article on the state of Europe, says little notice has been taken of a paragraph which recently appeared in the Vienna *Presse*, hinting at a probable disarmament. The news is too good to be true. We will not undertake to say what results the diplomatic contrivances of the past few weeks have had toward improving Napoleon's position with respect to foreign affairs so as to enable him to meet his home difficulties with sufficient confidence of success. If it is true that General Lebouf intends to drop the scheme of a *Garde Mobile*, and propose the suppression of general commands, that might be taken as an earnest of the Emperor's pacific and economical intentions. The interchange of civilities between sovereigns and statesmen augurs well for the chances of tranquility. At the present moment there is no apprehension of a warlike outbreak—no cause of offense—no pretext of dispute exists—the old alliances have been broken up, and the balance of power is a question of the past. It may be said that peace now rests on a sounder basis than ever.

SPAIN.

MADRID, October 8.—The Government troops have had several encounters with the insurgents in Catalonia, and have been uniformly victorious. The loss of the insurgents is large.

The Mayor of Tortosa has taken command of a band of Republicans.

Order has been restored in Valentia and Galica.

A state of seige will be declard whenever outbreaks occur.

A conference was held yesterday by Gen. Prim, President Rivero, and Deputies Castellar and Figuera, at which an endeavor was made to effect a compromise with the Republicans, but no result was reached.

A bill has been introduced in the Cortes to place the Merchant Marine of Spain and the Antilles on a footing with the shipping in the coasting trade.

PARIS, October 8.—Official reports from Madrid represent the Spanish insurgents everywhere defeated.

Maguero, a republican leador, has been taken prisoner and his followers dispersed. The government requires the volunteers in the capital cities of the provinces to give up their arms.

TURKEY AND EGYPT.

LONDON, October 8.—The *Levant Times* says the Turko-Egyptian controversy is suspended. It is reported that the Viceroy of Egypt will come to Constantinople during the visit of the Empress Eugenie, and that the Sultan will probably go to Egypt, to be present at the opening of the Suez Canal.

Letters to the *Times*, from Alexandria, indicate that the confidence of the people, on the ground, in the opening of the Suez Canal for immediate traffic, is declining.

AUSTRIA.

VIENNA, October 8.—It is rumored that the Emperor Francis Joseph intends to visit Constantinople and proceed thence to Suez to attend the inauguation of the canal.

PRUSSIA.

BERLIN, October 8.—In the diet to-day the budget for 1870 was submitted. It shows a deficit of 4,500,000 thalers, and proposes to meet it by increasing the excise income tax twenty-five per cent.

MARINE NEWS.

NEW YORK CITY.

[By Telegraph to the Pittsburgh Gazette.]

NEW YORK, October 8, 1869.

The Spanish frigate Hernando Cortez arrived to-day from Havana, probably for repairs, though report says she is to watch the Cuban Junta, and convoy the Euterpe to Havana.

Rumor has it that gunboat No. 1, of the Spanish fleet, intends to slip away to sea if possible, unless prevented by the interference of the United States officials. She is, however, closely watched by a revenue steamer.

A letter from Spain, said to be from a trustworthy source, says the report that reinforcements were being raised in Spain and forwarded to Cuba, are either wholly fictitious or grossly exaggerated, and all the reinforcements he had heard of after a diligent inquiry, were obtained from about a thousand convicts, many of them under sentence of death in Spain, and who, during the past month have been collected at Barcelona and at the point of the bayonet detained to await the arrival of vessels to convey them to Cuba.

A Havana letter of October 2d says: Puerto Del Padre has been taken. The place was abandoned by the Spaniards because the insurgent forces were heavily pressing them. A convoy sent out by Valmaseda to Las Tunas has also been captured by the patriots. The garrison at that place is believed to be suffering from the want of supplies.

The communication between Las Tunas and the coast is exceedingly difficult, and each day becomes more so.

The *Post* understands that Mr. Greely has signified his willingness to accept the nomination of Comptroller.

The trial of Reddy, the blacksmith, resulted in his acquittal. Graham was on the stand, but his statements were drametrically opposite to those he has given when Bremen and Howard were on trial. The jury, after an absence of three quarters of an hour, returned with a verdict of "Not guilty." The prisoner left the court house amid the congratulations of his friends.

Arguments on the motion to dissolve the injunctions obtained by different parties against the Cold Exchange Bank, have been adjourned till Tuesday next.

RICHMOND.

Virginia Legislature—The Fourteenth and Fifteenth Amendments Passed.

(By Telegraph to the Pittsburgh Gazette.]

RICHMOND, October 8.—Both Houses of the Legislature to-day ratified the Fourteenth and Fifteenth Amendments. In the House there were only six votes against them, and in the Senate only four against the Fourteenth and two against the Fifteenth, one of the latter being a colored Republican Senator, who declined voting because the Legislature is illegal.

The Legislature, by joint resolution, then adjourned until October 18th.

In the House an amendment to the bill passing the Fifteenth Amendmeut—making it take effect on and after the admission of the State to the Union,—only received five votes. On the same body, a resolution was offered: That in view of the doubts expressed about the legality of this Legislature it will, after the admission to the Union, re-enact the Fourteenth and Fifteenth Amendments. The resolution was referred.

In the Senate to-day, before adjournment, a resolution was offered pledging the re-enactment of the two amendments to the Constitution after the admission of the State. The resolution was pending when the Senate adjourned. It was opposed by a Conservative Senator, as casting doubt on the already pledged faith of Virginia.

THANKSGIVING DAY.

[By Telegraph to the Pittsburgh Gazette.]

WASHINGTON, October 8, 1869.

By the President of the United States, a Proclamation:

The year which is drawing to a close has been free from pestilence. Health has prevailed throughout the land. Abundant crops award the labor of the husbandman. Commerce and manufactures have successfully prosecuted their peaceful paths. The mines and forests have yielded liberally. The nation has increased in wealth and strength. Peace has prevailed and its blessings have advanced every interest of the people. In every part of the Union harmony and fraternal intercourse are restored, and obliterating the marks of the past conflict and estrangement. Burdens have been lightened, means increased, and civil and religious liberty are secured to every inhabitant of the land, whose soil is trod by none but freemen.

It becomes a people thus favored to make acknowledgment to the Supreme Author from whom such blessings flow of their gratitude and their dependence, to render praise and thanksgiving for the same, and devoutly to implore a continuance of God's mercies.

Therefore, I, Ulysses S. Grant, President of the United States, do recommend that THURSDAY, *the 1st day of November next*, be observed as a day of thanksgiving and praise and prayer to Almighty God, the Creator and the Ruler of the Universe.

And, second, I do further recommend to all the people of the United States to assemble on that day in their accustomed places of public worship, and to unite in the homage and praise due to the bountiful Father of all mercy, and in fervent prayers for the continuance of the merciful blessings He has vouched safe to us as a people.

In testimony whereof I have hereunto set my hand and caused the seal of the United States to be affixed, this the fifth day of October, A.D. 1869, and of the Independence of the United States of America the ninty-fourth.

U. S. GRANT.

HAMILTON FISH, Secretary of State.

OSWEGO.

Resolutions Passed by the Railroad Convention—Railway from Chicago to the Seaboard.

OSWEGO, October 8.—The delegates to the Railroad Convention were entertained last night at the International Hotel by Mayor Page, at a banquet.

The Convention re-assembled this morning. Mr. Poore, from the Committee on Resolutions, submitted a report in the shape of Resolutions, asserting that it is the duty of the Government to give such reasonable aid as will promote the building of the Northern and Southern Railroads, stating that greater railroad facilities are needed between the Atlantic seaboard and the Mississippi and upper lake region; demanding the immediate construction of the proposed line; favoring the efforts now making to secure a continuous and independent line of railway from Chicago to the seaboard, by route of the Lake Ontario Shore Railroad, and thence eastward by the best and most feasible route in New England to the harbor of Portland and the Ossippi valley, affording at the same time the increased facilities required for the western trade seeking access to New York, Boston and other eastern Atlantic ports; directing copies of the resolutions and proceedings of the Convention to be presented to the Congressional Committee on the Pacific Railroad and Ways and Means, and to the President and Cabinet, and recommending the appointment of a Committee which shall be charged with the duty of taking the required measures to organize a railroad company from the most feasible point or points in the eastern part of the State of New York, between Albany and White Hall, to run in a westerly direction on the most feasible line in a general direction of the south east basin of Lake Ontario, to be called the New England and New York Railway Company.

The report was accepted, and Messrs. Poore, of Portland, Worcester, of Rochester, and Nelson, of Chicago, advocated the adoption of the resolutions.

Mr. Thompson, of Queenstown, Canda, offered an additional resolution:

That therefore it is expedient, so soon as the various companies forming the continuous line from Portland to Chicago, are properly organized, with a view to construction, that the representatives of the various lines are authorized by this Convention to call a meeting of the officials of said lines, and appoint therefrom a standing committee, whose duty it shall be to bring about about a unity of sentiment and interests between the different projected lines. Mr. Thompson supported his resolution at length.

At the evening session the name of the proposed road was changed to the New England and Oswego Railroad. The Chairman, Mr. Driggs, offered a resolution favoring a connection with the Northern Pacific Road by the shortest and most direct route, and while such connection ought to and will be made via Chicago, the continuation of the Northern Pacific to the straits of Mackinaw, so as to connect with the contemplated road from Pollard to the Detroit on the St. Clair river.

The resolutions reported from the Business Committee and those of Messrs. Thompson and Driggs, were adopted unanimously.

WASHINGTON, October 8, 1869.

BEFITTING ORDER ON THE DEATH OF EX-PRESIDENT PIERCE.

The following order was made public this afternoon:

Washington, October 8, 1869.—The painful duty devolves upon the President of announcing to the people of the United States the death of one of his honored predecessors, Franklin Pierce, which occurred at Concord early this morning. Eminent in the public councils, and universally beloved in private life, his death will be mourned with a sorrow befitting the loss which this country sustains by his decease. As a mark of respect to his memory it is ordered that the Executive Mansion and the several departments at Washington be draped in mourning, and all business suspended on the day of the funeral. It is further ordered that the War and Navy Departments cause suitable military and naval honors to be paid on this occasion to the memory of the illustrious citizen who has passed from among us.

YERGER CASE IN THE SUPREME COURT.

In the Supreme Court this morning Col. Phillips, counsel for B. M. Yerger, read an agreement entered into between the Attorney General and counsel for the defense, in July last, providing that the case shall be brought before this Court, and asked permission to file the petition for a writ of *habeas corpus* and *certiorari*; also, that the case be set for a hearing on Friday next. Attorney General Hoar hoped a more remote day would be fixed, in order that he might have time to properly present the case, as he desired first to argue the question of the jurisdiction of the Court. Mr. Carlisle, for the defense, trusted the whole case would be argued and settled at one time, and not by installments. The Court directed that the petition be filed and gave notice that on next Monday a day would be fixed.

THE HORNET.

Senor Lumus, the Cuban Envoy, with Mr. Ruiz, of the Cuban Junta, arrived here this morning from New York, and returned again this evening. During the day they had an informal interview with the Secretary of State and the Secretary of the Treasury, concerning the seizure of the Hornet. Mr. Lemus is very confident that the Hornet will be released, but on what grounds he does not state. He contends that when the trial comes on, the officers of the Hornet will be able to show that she cleared in due form from a British port. He denies the story of her officers having run her into Wilmington for the purpose of being captured.

PROPOSED LOAN.

M. Friguet, as agent of the Rotschilds, is expected in this city shortly. Mr. F. comes here, it is stated, to tender, on the part of the famous bankers, a loan to any extent our government may desire. This voluntary action, on the part of the Rotschilds, is said to have been prompted by the discovery that certain German capitalists were contemplating offering our government a loan at four per cent. Mr. Friguet is said to be authorized to make the same proposition

CHICAGO.

Charges Against General Jefferson C Davis—They are Pronounced False by General George H. Thomas.

[By Telegraph to the Pittsburgh Gazette.]

CHICAGO, October 8.—There appeared an article in a California paper some time since, and the article was generally copied into the Eastern papers, charging Gen. Jefferson C. Davis with various acts of maladministration committed and permitted in his command, on the Pacific Coast. A gentleman of this city, formerly holding a leading position on Gen. Davis' staff, inquired of Major Gen. Geo. H. Thomas, while here a few days since, if he knew anything of these charges. Gen. Thomas replied that he saw the article in question at the time it appeared, and made it his business, when on the coast, to inquire into the matter, and had satisfied himself that the charges were not only without the slightest foundation, but that they had their origin solely in the malice of some enemies of Gen. Davis, in California, who hoped to do an irreparable injury by propogating a falsehood, which would have done its work long before he could either know of it or have an opportunity of showing it to be false.

Telegrams to the President.

[By Telegraph to the Pittsburgh Gazette.]

VICKSBURGH, Miss., October 8.—The following telegram has been sent to the President:

Gen. Ames, in an official interview with a citizen of this State, on Monday last, used this language: "I intend to carry the election in November against the Dent ticket, if I have to march my soldiers from precinct to precinct to effect it." Will such action fall within his legitimate official power? The people wish a fair expression of the public will in the choice of Governor. The consummation of the Military Governor's avowed purpose will render the election a cheat and a national degradation.

[Signed] A. C. FISK,
Chairman of National Union Republican Executive Committee.

Under date, Jackson, Miss., Oct. 8, 1869, Gen. Ames telegraphs as follows:

To the President of the United States, Washington, D. C.:

By the papers I see that a telegram has been sent to you wherein I am quoted to the effect that I will not give a fair election. The statement is without truth.

(Signed) ALBERT AMES,
Brevet Major General.

The Break in the Erie Railroad—Interruption of Travel

[By Telegraph to the Pittsburgh Gazette.]

PORT JERVIS, October 7.—This place is still filled with passengers awaiting repairs on the Delaware division of the Erie Railroad. Some of these are growing impatient, and the dispatcher was besieged on all sides to send them west. A large force has been engaged since Monday in putting the division in order, and have succeeded in removing the slides of earth from the track, filling up and trestling the road where it caved in, and repairing the bridges with the exception of the bridge four miles east of Narrowsburg, the east abutment and one pier of which are gone, letting a portion of the bridge in the water. Both west and east of this point the road is in running condition. The company has built two ferry boats to ply across the stream and transfer passengers, baggage and express freight across, which will be in operation to-morrow morning, so that through travel on the Erie road may be said to be resumed. There are seven car loads of emigrants at this station westward bound, who are fed and cared for by the Company.

The Delaware river has fallen ten feet. The Delaware and Hudson Canal has suffered severely, there being no less than twelve breaks between Phillipsport and Roundout, some of them quite heavy. A large force is at work making repairs, and it will be three weeks or more before navigation will be resumed.

—An attempt was made Thursday night, in San Francisco, to assassinate Billy Dwyn, the pugilist.

FOUND DROWNED.

BY GUY N. SALISBURY.

A body is found in the river deep,
Or the muddy, foul canal—
Who is it, thus sleeping the last, long sleep,
Without coffin, shroud or pall?

Is it a Father, who leaves behind
Those whom he ought to love—
A faithful wife, true, loving and kind,
Whose life her worth would prove?

Left he a daughter, or daughters fair,
Whose rosy cheeks will turn to white,
When they find that the hapless unknown man,
With the drooping hair and features wan,
Left their home but yesternight?

Or is it a mother, heart-sick and sad,
Who fled from a life of care—
Whose fevered brain, with sorrow grown mad,
No longer her grief could bear?

Perhaps a Daughter, betrayed and wronged,
Whose love had been foully me,
In desperate anguish, only longed
To sleep that she might forget!

Or is it a Son, whose wayward life,
Long wasted in scenes of sin
Made him shrink from the fearful strife
Of the wild remorse within!

Perchance it is one whom nobody knows,
For whom nobody seems to care,
Sleeping so strangely, with eyes unclosed,
That fixedly, horridly stare!

Whoever it is, was of human clay,
Lit up by the wondrous soul,
That never can know the touch of decay,
But live while the stars shall roll!

Oh! bury the unknown one away
From the blessed light of the sun and skies:
The poor frame mourners to common clay,
But where is the spirit that never dies?

JERSEY CITY, Hudson City and Bergen City have voted, by large majorities, to consolidate as one city. The other towns of Hudson county, including Hoboken, voted against the measure, and remain out of the consolidation.

A BRILLIANT wedding has just taken place at Louisville, Ky. The *Courier-Journal* says Jenkins himself was lost in the dazzling brilliancy of his surroundings, and could not for the life of him make out a single toilette.

A CHILD three years old, of A. P Sedgwick, of Weymouth, Tuscarawas county, Ohio, swallowed a shingle nail, which lodged in its throat, and remained there for thirty-two days. In an effort of coughing the nail was thrown out.

THE Commercial Convention, to meet at Louisville next week, is to have a grand concert on the 12th, a banquet on the 15th, and a river excursion on the 16th. Committees to have charge of and prepare for each have been appointed.

JOHN G. SANDERSON, of Vincennes, Indiana, coveted his neighbor's farm. He made a deed of conveyance to himself, and signed his name to it, duly authenticating it by the signature of a Justice of the Peace. He is now thinking over the ethics of the transaction in the county jail.

THE Knoxville (Tenn.) Iron Company are making extensive arrangements for the manufacture of nails. Machines of the newest and best make, from Pittsburgh, have been received and placed in operation. Operations will be commenced about the 15th inst., when the company expect to turn out about 50 kegs per day.

IT IS said that during the past six weeks five hundred head of cattle, which arrived in Jersey City from Texas, and which were afflicted with the Spanish fever have been sold to farmers throughout the State at four dollars a head, and are now spreading the pestilence among all the cattle in their different localities. The State Society holds Col. Black, the State Inspector, responsible.

TWO young men, Jacob S. Shardein and Valentine King, were out gunning recently in the vicinity of Louisville, Ky., and on their way home, on horseback, Shardein was accidentally and fatally shot. King, after doing all in his power for his friend, remounted and set off for a physician. He rode at a terrible rate, and had proceeded but a short distance when his horse stumbled and he was thrown to the ground and his hip dislocated.

THERE is a vigilance committee in Warren county, Iowa, which warns a certain family named Rice, and their associates in crime, that if any more outrages are perpetrated in that county the committee will take the law in their hands. The proclamation further states: "We therefore give the parties herein mentioned until the first day of November, 1869, to settle up their affairs and quit this county forever; and if they do not take this warning then we will wind up their affairs for them in a quick and summary manner.

IT is historically on record that in the reign of Edward III a certain London wine merchant, by name John Penrose, was convicted of selling unsound wine. Adam de Bury was then Lord Mayor of London; before him the said Penrose was brought, and he adjudged that the peccant vintner should drink a large draught of the same wine which he sold to the common people, and that the remainder of such wine should be poured on the head of the same John, and that he should forswear the calling of a vintner in the city of London forever.

IN the United States Court at Cincinnati, a few days since, when the defendants in a certain case were called upon to plead, it was discovered that the indictment was missing, with others, from the files, having been lost or stolen. The District Attorney thereupon moved the Court to order the substitution of a certified copy, and that the defendants be required to plead. The Court granted the motion, holding that where an indictment was lost or destroyed, the Court might properly order the substitution of a copy, and that the accused be arraigned and tried on the copy.

THE failure of Legrand Lockwood is everywhere regretted, and a host of friends offer him assistance. His house and grounds at Norwalk are valued, in their incomplete state, at $800,000, and it was his intention to expend more than a million upon them. The owner's chamber is furnished with elaborate inlaid rosewood, the bedstead canopied with green, forming a framework of gold and jet. Attached are a dressing room and an oratory, the latter frescoed in imitation of fluted white satin, the windows hung with Persian fabrics, and the ceiling in rose drab and gold with a dome of sky-blue studded with stars.

IN Ross county, Ohio, last week, a horse belonging to Wm. Crabb, was observed to take his feed into his mouth, and, after chewing it a very short time, drop it out on the ground, apparently failing to swallow any whatever. This continued about four days, when a veterinary surgeon ordered the mouth of the horse to be held open by artificial means and pills put down into the very throat of the animal, so that he would be forced to swallow them. This was done, when it was discovered that immediately behind the back teeth was firmly lodged a corn-cob about three inches in length, which, crosswise, held the tongue firmly down. This was removed with some effort, and the horse took to his oats with renewed vigor.

AN OLD-TIME CIRCLE HUNT.—In a hunt in Hinckley township, Medina county, Ohio, on December 24th, 1818, the following game was killed: Four hundred deer, twenty-one bears and seventeen wolves. By pre-arrangement, the citizens of the townships surrounding Hinckley, "moved on the enemy," forming a ring near the center of the latter township, in which the greatest slaughter took place. Such an abundance of game in one township is accounted for by the fact that the townships surrounding Hinckley were first settled, and the wild animals were naturally driven into the high lands and ravines of Hinckley. Probably no other day's hunt in America ever produced such large results.

A COLORED orphan girl, engaged as maid of all work in a wealthy white family in Paterson, N. J., was accused of the theft of money, but denied the charge, and in order to extort a confession, the head of the family and his wife put her to torture. First they whipped her till she fainted, then hoisted her by a strong cord, tied to her thumbs, to a beam in the garret, and left her, with her feet barely touching the floor, from nine o'clock at night until four next morning. Still denying her guilt, they tied a strap about her neck and gradually tightened it so as to choke her within an inch of her life; but this failing to extort confession of a crime of which she was not guilty, the fiends now, with the aid of their son, bound her arms behind her at the wrists and again hauled her up to the beam in the garret. She called upon God to witness that she was innocent, and cried aloud to be released, but she was told she would remain impaled as she was, between the floor and the roof, until she confessed, and there she did hang from the Friday of one week to the Saturday of the week following—gagged, hand-bound, lashed to the waist, hungry and thirsty, and at the very point of death. They then gave her a crust of bread, but kept her suspended another week—fifteen days and nights in all—lashing her every night before they went to family prayer. At last, when she could endure no more, the poor girl confessed she had taken the money, but said she did not know what she had done with it, she had never seen it. She was then arrested and imprisoned for two weeks for the theft, on her own confession. But the crimes of the *Christian* fiends found them out. The girl told her story, and her semi-murderers were indicted. Her person was examined, and her back found to be literally cut in pieces; there were deep furrows where the lash had imbedded itself, and the wounds were festering and bloody; the jailer said that the raw flesh was rolled up over her thumbs where the rope had been tied. The punishment inflicted upon these wealthy Christians was by no means adequate. The man was fined $150, and his wife $50!

PERSONAL.

THE friends of Kent Stone, late President of Kenyon College, by his authority, deny the report that he has become a Romanist.

MR. LUTHER R. MARSH, a leading member of the New York bar, and a writer of some mark, is spoken of as Mr. Bigelow's successor on the *Times*.

THE typo who made the reporter of the Chicago *Post* say that the fire engines "washed 147 houses," when the copy read "worked 147 hours," had his wages raised.

MR. JAMES SMITH, of London, has written a book to prove that "the geometry of the circle and mathematics as applied by mathematicians are a mockery, delusion and a snare."

MR. JABEZ BACON, the oldest man in Winthrop, Me., aged ninety-three years, appeared on the streets last week with a horse twenty-five years old, a wagon forty-five years old, and a harness forty-eight years old.

MRS. ABRAHM LINCOLN is still at Frankfort, Germany, living in great retirement and in very unpretending quarters. She sees but few persons, and those generally American ladies whom she knew during Mr. Lincoln's administration.

COL. JOHN STONE and wife, of Belpre, Ohio, celebrated their golden wedding on September 20. Of the five sons and two daughters of Colonel Stone, all, except one son, who was killed at Bermuda Hundred, were present, with all but one of the twenty grand children.

ANNA DICKENSON created a sensation in Georgetown, Colorado, by mounting on a horse "straddle-ways" and riding away for the Range, at seven o'clock in the morning. She was dressed in bloomers, and wore a gentleman's overcoat. Her delicate little feet and finely turned ankles were encased in substantial boots, with buttons up the sides. An eye witness gives the number of the boots at two and a half.

MRS. GAINES has been in New York, and a female paper of that place hastens to assure its readers, not only that "time but touches this lady alike to adorn her person and clarify her faculties," but that "her charities are only circumscribed by her opportunities for doing good, her friends only limited by the number who know her, her admirers only confined to those who respect the highest development of energy, worth, humanity and piety, of which her sex is capable."

IT is stated that when General Chamberlin, Governor of Maine, after one of the terrible battles of the war, lay upon a hospital couch, shot through the body, and, as all supposed, very near his end, the attendants began preparations for embalming his body, that it might be sent home. This was a little while earlier than the General designed, and moving himself, he said: "Gentlemen, I have made different arrangements. I invite you all to dine with me one week from to-day."

AN audience was recently assembled in one of the churches of Hagerstown, Md., to witness a ceremony that binds two willing hearts. The loving couple had presented themselves at the altar and the officiating divine had proceeded with the ceremony until the point was reached where notice is given that: "If any man can show just cause why they may not be joined together, let him now speak, or else hereafter hold his peace." At this interesting juncture an eccentric individual arose and put in his protest. A breathless silence pervaded the whole assemblage—the minister hesitated—the couple held their breath in awful suspense. At length the minister demanded the grounds of objection and received for answer: "*He dosen't bind well in harvest.*" Among all the audience there was nary a straight face. The minister couldn't see the validity of the objection and of course finished the ceremony.

QUEEN VICTORIA will spend the Christmas holidays at Castle Rosenau, in Saxe-Coburg-Gotha. That is where the lamented Albert and some hundreds of his prolific cousins emigrated from.

THE Pall Mall *Gazette* says that, when Byron lived, his name was pronounced as if written "Birren," but that since the pronunciation has changed so that it is now pronounced to rhyme with "syren."

THE duration of human life in the principal countries of Europe has recently been estimated as follows: Prussia, 41.2 years; Belgium, 41.6; France, 44.2; England and Wales, 45.4; Sweden, 49.5; Denmark, 52.5; Schleswig-Holstein, 55.7.

THE Russian Elementary Schools are supported at an annual expense of $7,920,000. Of this amount the State supplies $275,231. The salaries of the teachers require the sum of $6,766,000, made up as follows: $1,800,000 or 31.2 per cent. from tuition fees, $3,600,000 or 65.1 per cent. from the districts, and $212,835 from the Government.

A PARIS letter says that "when Hortense died she gave the engagement ring of her mother, the Empress Josephine, to her son, the present Emperor of France, making it a condition that he should never put it on another hand than that of the future Empress of the French. The request was obeyed, and Eugenie owns the ring."

THE last of Napoleon's Mamelukes, Sidi-Ferdouek, has just expired at Balana, a small village on the Mediterranean coast. The defunct Sidi was a friend of the Emperor's celebrated Roustan, and served in the Consular Guard, his turbaned squadron creating no small effect in the Carroussel. Sidi fought in Italy, Germany, Spain and Russia, and altogether must have had a hard time of it in his youth.

Club Life in New York.

Fashionable clubs seem to have a hard time of it in this city. It is not long since the Athenæum and the Eclectic succumbed to the pressure of financial difficulties, and now it is rumored that the New York Club, which was composed of the most gay and festive men in metropolitan society, is also on the verge of bankruptcy and dissolution. To meet its enormous expenses, the principal part of which are occasioned by the restaurant department, new members have been lately admitted without that close scrutiny of character and qualifications which was formerly practiced, and this has, in turn, driven out older and more fastidious men, prevented new and desirable ones from applying for admittance, and so destroyed the prestige of the Club that it is seriously proposed to make no further effort to keep it up, but to form a new club out of the best members of the New York and Union Clubs respectively. A number of wealthy persons are said to be prepared to pay liberally toward the formation of this new institution; but the project, if carried out, would result in fresh disaster. New York, we are glad to say, does not contain enough idle men of education and ability to support a purely fashionable lounging place, and we trust that it never will.

PITTSBURGH IRON MARKET.

OFFICE OF PITTSBURGH GAZETTE, FRIDAY, October 8, 1869.

The metal market has been rather stronger this week, and with an increased demand and only moderate receipts. Prices, although unchanged, compared with last week, are nevertheless tending upward. All the mills are reported as being in full blast, and, as might be expected, it requires a considerable quantity of metal to keep them supplied; and the fact that pretty large shipments are being made from our western furnaces to Wheeling, Portsmouth and Cincinnati, tends to limit the arrivals here, and prevents any accummulation of stock. Following is the report of sales:

RIVER NEWS.

The river continues to recede slowly at this point with four feet in the channel. Weather continues clear and pleasant—mercury at 4 P. M. 66 in shade.

The Mollie Ebert arrived from Cincinnati on Thursday night.

The New State, from Wheeling, arrived and departed as usual.

The Sallie departed for Cincinnati about 2 o'clock P. M. yesterday, with an excellent trip, having all the freight she could take on the water, including 500 bbls refined oil, 100 bbls residium and 31 hhds tallow. Pilots—Nick and James Whitten.

The Belle, Capt. H. H. Sholes, in the regular packet for Parkersburg to-day leaving at noon.

The Mollie Ebert, Capt. G. W. Ebert, with the veteran Standish Peppard in the office, is the regular packet for Cincinnati to-day leaving promptly at noon. The Mollie is in all respects a No. 1 boat, and offers superior accommodations to passengers.

The Kate Putnam is still undergoing repairs: she is being placed in good condition for the fall and winter campaign.

Capt. J. G. Saint, an old and well-known Allegheny and Ohio River boatman, but who for some time past has been farming, near Salem, (Ohio,) was here the other day, on a visit to his brother.

—The Great Republic will leave Cairo for New Orleans to-day.

—The Bellevernon, Pittsburgh to New Orleans, passed Louisville on Wednesday.

—Capt. Shouse's United States snagboat Greenback, is at Higginsport taking out snags.

—The damaged cargo of the steamer Wauauita was sold at auction, on Tuesday, at Memphis.

—The Selma papers report the Alabama River very low, and navigation almost suspended.

—The roustabouts on the Memphis levee now get fifty cents an hour for their labor. Deck hands down there get $60 per month.

—Captain S. J. Ball, lately of the Peter Balen, has purchased one fourth of the good sidewheel steamer Viola Belle, and will command her.

—Mr. Jack Chambers writes from Little Rock that he has taken charge of the office on the steamer Edinburgh, in the Arkansas river trade.

—The hull of the old steamer Alice V., having been thoroughly calked all over, was launched from the yard of Stuart & Co., Madison, Monday morning.

—Joseph Smith, Jr., a well-known coal merchant of Cincinnati has purchased one-fourth of the St. Charles at the rate of $17,000 for the entire boat.

—The new steamer Grand Era leaves Louisville for New Orleans between the 10th and 12th instant. Mr. Jas. Kerr, jun., lately of the Great Republic, takes charge of her office, and will edit the *Grand Era Torchlight*.

—Mr. W. T. Robinson, clown in Noyes' Crescent City Circus, was married on Sunday night last, to Miss Adeline P. Martin, sister to Mrs. C. W. Noyes. The ceremony was performed on board the steamer New York, by Rev. F. M. Van Trease, Methodist minister, of St. Louis.

—The Ironton (Ohio) *Journal* says: Active measures, and practical, too, are on foot for the removal of Dusenbury's dam on Guyan river. Liberal subscriptions are being made for the purpose at Guyandotte and along the river. The removal of this dam will open navigation to Logan C. H. a large portion of the year.

—The Mooney case was once more in court yesterday, assuming the exact position that we always have stated it would come to, namely: that the defendant was prosecuting for that which he could not prove. He, or his advisers, got a new idea in their head, and that was to withdraw the criminal prosecution, or rather persecution, to enable him, the persecutor, to go before a civil court and take the chances of getting damages without having the case tested in a criminal court. He got beat at his own game, and it went to trial and the defendant discharged.—*St. Louis Dispatch*.

—We clip the following from the Cincinnati *Enquier*, of Thursday: A case was before the Superior Court of this city yeste day, involving the insurance on the J. P. Webb, which was sunk on the falls over a year ago. The insurance was attached at the instance of J. R. Vaughn and others to satisfy a claim against Captain R. S. Lancaster, her owner. Mrs. Mary Lancaster, wife of Captain Lancaster, brought suit to recover the insurance, claiming to have owned the boat, having purchased it with her own money. The question involved was the ownership of the boat. The Court held that a wife's property in the possession of her husband becomes his property in the eyes of the law, and judgment was given for the defendants.

PACIFIC RAILWAY GOLD LOAN.

Messrs. DABNEY, MORGAN & CO., 53 Exchange Place, and M. K. JESUP & CO., 12 Pine Street, N. Y., offer for sale the Bonds of the Kansas Pacific Railway. These Bonds pay seven per cent. in Gold; have thirty years to run; are Free from Government Taxation; are secured by a Land Grant of Three Million Acres of the Finest Lands in Kansas and Colorado. In addition to this special grant the Company also owns Three Millions of Acres in Kansas, which are being rapidly sold to develop the country and improve the road. They are a first mortgage upon the extension of the road from Sheridan, Kansas, to Denver, Colorado. The road in operation, 437 miles long, upon which it is also a mortgage, NOW EARNS MORE THAN ENOUGH NET INCOME TO PAY THE INTEREST ON THE NEW LOAN. There is no better security in the market—this being in some respects better than Government Securities. PRINCIPAL AND INTEREST PAYABLE IN GOLD. Price 96, and accrued Interest, in Currency. Pamphlets, Maps and Circulars furnished on application.

We have a full supply of the above Bonds on hand and for sale, and we take pleasure in recommending them as a very reliable and perfectly safe investment.

HEADQUARTERS UNION REPUBLICAN EXECUTITE COMMITTEE.

To the Union Republican Voters and Vigilance Committees of Allegheny County.

But three working days remain before the election. Every Republican should devote those days to active, diligent work.

The Local Vigilance Committees should meet nightly until election day, and thoroughly examine and canvass their lists. If the names of any legal voters are not on the registration list, they should nevertheless be brought to the polls, and on making the proofs by affidavit, provided for by the registry law, they will be allowed to vote.

In every election district there should be SPECIAL COMMITTEES APPOINTED TO MARK OFF the names of those who have voted, and in that manner you can ascertain who has not, up to three o'clock, voted. AFTER THAT HOUR SEND OUT for all such and have them brought in. HAVE CHALLENGERS APPOINTED in every election district, of good, reliable Republicans, who are well acquainted with the citizens of the district. See that the tickets are correct and properly distributed.

Bear in mind that, under the new Registry law, the polls in city and county must be opened between the hours of *six and seven o'clock* in the morning, and closed at 7 o'clock in the evening.

This will give an opportunity to many of the working and business men to vote before going to their labors.

In another column of this paper you will find the address of the Naturalization Committee, setting forth what constitute the requisite qualifications of voters, and containing other information, to which your careful attention is invited.

It is to be hoped that every measure will be adopted, by the earnest Republicans and the Vigilance Committees of this county, to bring out on Tuesday next a FULL REPUBLICAN VOTE, and thus secure a great Republican victory.

By order of the Executive Committee.

W. S. PURVIANCE, Chairman,
WALTER S. McCUNE,
COL. GEO. F. MORGAN, } Secretaries.

THE LAST SHOT:

To-night the last grand rally of the campaign will be held by the Republicans at the Post-office corner. Able and distinguished gentlemen, including Hon. H. BUCHER SWOPE, DAVID BARCLAY, Esq., THOS. M. MARSHALL, Esq., and Gen. WM. BLAKELEY, will address the meeting. Let the turn-out be creditable to Allegheny County Republicanism!

AFTER to-morrow, railway cars will be run through without change, from New York to Omaha, *via* Pittsburgh.

JEFFERSON DAVIS is on his voyage back to America. If he were a citizen of our Commonwealth, he would gratefully vote for his friend Asa Packer.

THE XIVth. President of the United States, Franklin Pierce, is no more. The deceased was born in Hillsborough, N. H. in 1804, and served as President from 1852 to 1856.

GENERAL FRANZ SIGEL has been nominated as the Republican candidate for Secretary of the State of New York. A large number of German-born citizens will "fight mit Sigel" in November.

THE Republicans passed, and Gov. GEARY signed, the bill making eight hours a legal day's work. Asa Packer's railway company declines to obey the law. How does this strike a workingman?

THE statement that the Cuban insurrection does not contemplate the liberation of the slaves is not only uncontradicted upon any sufficient authority, but is further verified by the latest advices from the island.

FORTY THOUSAND of the sons of Pennsylvania sleep in Southern graves. The friends of Packer and Pershing shot, starved, hung, and poisoned them. Which way will their surviving fathers, sons and brothers vote next Tuesday?

A NASHVILLE dispatch says:

It is understood that the caucus has decided that there must be at once a Constitutional Convention for a thorough overturning of all things; that all offices, except the Governorship and Legislature, will be declared vacant. Rash members are crowding for violent measures; moderate ones are stoutly holding back.

THE position which we have taken in the affair of the Cuban ship Hornet, is also supported by the New York *Times* of the 7th inst. We quote:

The *Hornet* is either a Peruvian privateer, sailing from, and armed, equipped and manned in our ports, or she is a vessel without a flag, bound on a hostile errand against a Power at peace with the United States. In the former case, she must be condemned as a violator of our Neutrality acts; in the latter, as a pirate.

WHEN the American end of the French telegraphic cable was about to be landed on our coast, it was objected that its proprietors held the Imperial concession of a monopoly on the French side, and that we should properly require, as a condition of their reception here, the abrogation of that exclusive franchise in favor of American enterprise at any future day. Without prejudice to this claim, the question was left in abeyance, the French company stipulating to abide by the Congressional decision. We now hear that an American company, since organized to lay down another cable, has been denied a franchise on the French coast, for the reason that the existing concession was an absolute exclusion of such competition. This fact will be laid before Congress, when our own National interests will not fail to secure a reasonable adjustment with the old Confederate bankers who own the cable now operating.

PARTIZAN ABUSE, here in Allegheny as well as in Philadelphia, has been laboring for months to blacken the good name of our candidate for the Supreme Bench, by insinuating that he has favored that form of public swindling known as the repudiation of public obligations.

To all which, Mr. J. H. Hopkins, who signs himself, to an "Address" in the Pittsburgh *Post*, as "Chairman of the Democratic State Committee for Western Pennsylvania," prints a complete refutation. Officially, he declares, "we cheerfully concede the ability and integrity of Judge WILLIAMS." That spikes, effectively, the pop-gun battery from which the *Age* and the *Post* have been firing a two-months' fusillade against the honesty and capacity of our candidate.

Mr. Hopkins could not have made a better use of Asa Packer's cash, than in advertising a certificate which is as creditable to himself as it is to H. W. WILLIAMS.

THE highest tide ever known on the coast of Nova Scotia was reported on the 7th. The amonnt of property destroyed thereby was simply incalculable. If the same tidal wave shall be heard of as continuing Southward along the American coast, the event would strikingly confirm the remarkable prediction made more than a month since by Lieut. Saxby, R. N. who thus wrote to an English journal:

At 7 A. M. on October 8, the moon will be at the part of the orbit which is nearest the earth. Her attraction will, therefore, be at its maximum force. At noon, on the same day, the moon will be on the earth's equator—a circumstance which never occurs without marked atmospheric disturbance—and at 2 P. M. on the same day lines drawn from the earth's centre would cut the sun and the moon in the same arc of right ascension; the moon's attraction and the sun's attraction will therefore be actually in the same direction. In other words, the new moon will be on the earth's equator when in perigee, and nothing more threatening can, I say, occur without a miracle. The earth, it is true, will not be in perihelion by some 16 or 17 seconds, chronometer. The consequence of this will be one of the highest tides ever known.

SPANISH REPUBLICANISM inclines to precipitate the political crisis which shall either crush out all opinion of that type, or forever exclude the idea of a constitutional monarchy. To the latter end the liberal doctrine is not strong enough in supporters—just yet—and the alternative result is to be feared. The popular disturbances in the Republican interest are supplemented by the secession of the sympathizing deputies from the Cortes. An issue is thus forced—and the Regency is likely to win. But Spanish politics have no parallel on this side of the Atlantic, unless it may be in Georgia; the improbable of to-day is often to-morrow's accomplished fact, and the wisest anticipations as frequently fail. We have yet seen no good reasons for the belief that any European people of the Latin race are capable of a Republican self-government, nor have we had at any time a strong faith that Spain is to offer a present exception. We need only expect that she can show enough of democratic blood to baptize the footstool of a constitutional throne. Yet, we shall see ere long.

PICTORIAL HISTORY OF THE CIVIL WAR IN THE UNITED STATES OF AMERICA. By Benson J. Lossing. Hartford: T. Belknap. Pittsburgh; M. F. Kelley, 55 Liberty Street.

It is in three volumns, octavo, of more than 600 pages each, and containing more than 1500 engrayings. From the beginning of the rebellion, Mr. Lossing has treasured everything pertaining to it, documentary, pictorial, and narrative, with a view to preparing an elaborate illustrated record of the war, historical, biographical, military, naval, topographical, political and social. Every facility was afforded him by the authorities, and he visited a great number of places made memoriable by military operations, making sketches and conferring with civil and military officers and the people. The illustrations include a large number of portraits of prominent men of both sides, and hundreds of views of battle grounds, weapons of war, vessels, maps of locations, plans of battles and sieges, etc. It is printed in the best style, on pure white calendered paper, handsomely bound in various styles, at prices varying from five to eight dollars a volume, and sold only by subscription. Two of the three volumes have been issued, and an agent is soliciting subscriptions. We have turned its pages with absorbing interest, and the only unfavorable comment that occurs to us is that some of the portraits are not as carefully engraved as they ought to be, and that there are not pictures enough! Notwithstanding the five hundred in each volume, every person who was engaged in any of the scenes described, or has visited the regions of strife, will wish there had been more, and will recall many a view that an artist would be glad to sieze. And as to the text, it is probably inevitable that there must be in all histories, even those of larger three-volume pretensions, at times a neglect of movements of importance and an exaggeration of minor affairs. It will take twenty years to write a history of that war, and before the satisfactory work is done a thousand minor works must be published. And Mr. Lossing may find in it ample and richly repaying work for his pen and pencil for the remainder of his life.

A choicer, daintier, or a more attractive object for the drawing-room table could not well have been devised. It is all the more entitled to our admiration, because it combines literary with artistic excellence, and constitutes a monument to the patriotism, self-devotion and heroism of our soldiers, the like of which has not hitherto been built up.

THE PARAMOUNT ISSUE.

The Cincinnati *Enquirer*, a leading opposition journal of Ohio, insists that "the paramount issue" now before the people, "is the national debt, and the form of its payment," and that the verdict of the Ohio election will be "recognized as the settlement of a national question." This holds equally true to as the election in our own Commonwealth. Upon this, as upon all other national issues, Mr. Pendleton is the real representative of the opposition in both States; Mr. Packer is simply of no account whatever. The latter was never a leader of his party, and is not now, while the Ohio repudiator exercises a controlling influence in the Democratic councils everywhere. The once peculiar dogmas of the Ohio candidate have become the head of the corner in the schemes of Democratic finance. He proposes to pay the public debt by knocking out the foundations of public credit, on which it rests. He has not the courage to occupy openly the Democratic position, which has the support, not only of Golladay and Andrew Johnson, but of the party generally in the States south of the Ohio river, but he seeks the same end by indirection, destroying the value of the debt in the hands of the bondholders, instead of repudiating it outright. Either policy aims at the same result.

This issue is not to be evaded at the polls on Tuesday, nor is it to be defeated except by a square and full expression of the honest purposes of the people. Elect Asa Packer and George H. Pendleton, as the Governors of these two great States, next Tuesday, and every opposition journal in the Republic will, and with reason, declare the popular judgment to be in favor of whatsoever method—Pendleton's or any other—which shall most speedily and effectively abate the volume of the public obligations. We have fair notice of their purposes. This, says the Ohio paper which we have quoted, "is the paramount issue—the debt we owe and how it shall be paid."

The masses of the people may not be bond-holders—but they will never support the flagrantly dishonest proposition of the rebel crowd who, beaten in the field, are now assailing the Treasury and clamorous for the repudiation of the expenses of their defeat. The masses will vote next Tuesday—and they will vote right. But there is a small class of citizens who are bond-holders almost to a man, and who are habitually careless of their electoral duties. They are our stay-at-home Republicans, and as such responsible for every defeat the party has encountered. They should remember now that their *personal interests*, as well as higher political considerations, require that Tuesday's poll should record every vote in behalf of the unabated public faith.

RELIGIOUS INTELLIGENCE.

In view of the intense interest felt in the Convocation of Presbyterians in this city, for several days past, which closed its exercises yesterday, we have surrendered our space without stint. The impressions made upon the minds of the religious part of our community will not soon be forgotton, and all who attended the deliberations of the Board obtained some idea of the grandeur and sublimity of the Mission work under its directions. Its sessions in this city will long be remembered, and it is not surprising that so much interest is aroused in every community where the annual meetings are held, from the fact that it develops the practical working of its missionary system in a way that takes hold upon the popular mind, and creates an enthusiasm and interest in its operations, that is not secured, in mere office work by general officers.

Among the important things done at the recent Universalist Convention, at Buffalo, to commemorate the centenial celebration next year, was the raising of two hundred thousand dollars, to be called the Murray Centenary Fund, for missionary purposes and church extension, and that in addition, debts be paid and church property improved and educational institutions endowed, so that an aggregate of not less than a million of dollars shall be the offerings of the year.

Dr. L. H. Tyng, of New York, in a letter on the subject of revision of the Prayer Book, thinks that revision must either be limited to a few verbal changes and alternate forms or else be so comprehensive as practically to give a new Prayer Book.

Bishop Potter, of the New Yoak Diocese, in his address to the Convention, congratulates the Episcopal clergy on never having preached politics; and expressed a hope that some day a good religious paper might be started. Rather strange that the *Church Record*, the *Churchman* and the *Episcopalian*, published in New York, are not regarded as orthodox Episcopal papers.

The hymn, "Nearer my God to Thee," sung with such feeling during the sittings of the American Board Commissioners in this city, according to Rev. James Freeman Clark, was written for an extreme radical church in England, and was first introduced to the American public in a Unitarian hymn book.

A National Baptist Sunday school Convention and Institute is to be held in St. Louis the coming November 3rd. E. D. Jones, Esq., formerly of this city, is Chairman of the Local Committee.

Rev. S. H. Thompson, of Saltsburgh, Pa., has received a unanimous call to the pastorate of the Fourth Presbyterian Church of this city, in place of Rev. A. C. McClelland, resigned.

The Cartwright semi-centennial was an event in Methodist circles of no ordinary character. The office of presiding elder is rarely held over twenty years, but to occupy the position fifty years is honor unequalled and without a precedent. The old veteran is only *eighty-six years old*, and has been a minister for sixty-five years. His wife is still living, after a rough experience during sixty years of a traveling preacher's life. It is not surprising that Governors, Senators, Bishops and other dignitaries should send letters of congratulation to this old honored minister. No wonder the hero of the occasion is said to be one of the four famous Peters—Peter the Great, Peter the Hermit, Peter the Fisherman, and Peter the Cartwright. We believe the worthy Doctor intends to take a vacation soon over the Pacific Railway to California. Senator Yates, in his letter to the Committee, says: Long will the memory of Peter Cartright live in the minds and hearts of men and in the annals of the Church and of this eventful age, as one as the tallest and grandest heroes and pioneers of our Western civilization.

The *Congregationalist* represents that the singular fact has come to light that the Quakers at one time sung hymns, and used notes by which they sung them. In "Sewall's History of the Quakers," written and printed in the German, this fact is stated. All this is expurgated in the English editions.

The Hon. Rufus King, formerly President of the School Board, in his speech at Pike's Music Hall, Cincinnati, affirmed that there was something back of the movement to expel the Bible from the public schools. The Bible once out, the expurgation of the moral lessons of the text-books would follow, the revision of the hymns and tunes in the singing-books, and a variety of other things.

The annual session of the Erie Annual Conference of the Methodist Episcopal Church has just been held at Franklin, Pa. This body of ministers number considerably over two hundred, and is one of the foremost conferences of the Church. Rev. E. A. Johnson, A. M., Associate Editor of the Pittsburgh *Christian Advocate*, is an honored member of this body.

Twenty-four Annual Conferences of M. E. Church have taken action on Lay Delegation. The aggregate vote is 2,326—for 1847, against 479.

The re-union of the Old and New School Presbyterian Churches to be consumated in this city next week, has already had a forerunner in Cincinnati. The organs of the respective bodies in that city have consolidated and are now published as the *Herald and Presbyter*, in quarto form.

The Evangelical Lutheran Synod of Eastern Pennsylvania, closed its twenty-eighth annual session at Lebanon, Pa., Tuesday night. The attendance was large and awakened much interest. The report on the state of religion in the churches, shows quite a large number of accessions, and the spirit of benevolence increasing. The Sunday School work exhibits progress. The Emmans Institute, at Middletown, Pa., was reported as being in a prosperous condition. Attached to it, there are nearly five hundred acres of good land, a mill property, and about forty-five ground rents, whose annual income is two thousand dollars. The entire value of the property is at least one hundred and ten thousand dollars.

MINOR TOPICS.

WE have heard numbers of people recently expressing their delight at the return of cold weather and the prospective delights of the winter. The fires which our much decried soft coal make are so genial, pleasant and cheerful that we welcome them heartily on their return. We welcome, too, the warm look which is given to our streets by the rich and heavy winter clothing which is to be seen on every side. After the reign of mous de laines and percales, sables, velvets and heavy cloths fairly seem to glow with the winter's cheer. But there is a portion of our population who never have warm clothing, rich feasts or piled up fires; to these, the coming winter promises nothing but misery and woe. We have every reason to expect a severe season; but even if it prove to be milder than winter was ever known to be before, there will be hundreds, perhaps thousands, in these cities, who will want for bread, fuel and clothing. Now is the time to organize a regular and thorough system of relief. In Philadelphia, there are numerous soup-houses, which are thronged all through the winter; bread and coal are distributed, and though some of the unworthy doubtless profit thereby, much good is done. Such establishments are needed here. Of old clothes,—quite good enough to keep the frost out of many poor bones, now filling the closets and wardrobes of these towns, utterly forgotten by their owners—there might be found enough to satisfy all the demands of an organized local charity for distribution. These suggestions are for hints to the humane.

OF ALL the modern writers of fiction, there is probably not one who evinces more genius, or whose works so redound with beauty, as the great Danish author, Hans Christian Anderson. We have read almost everything he has written, with unmarred pleasure, and have long wondered that no English or American edition of his complete works was to be had. Now we learn that a New York publishing house intends to supply this want, and has already issued one or two volumes of the great poet's works. We know of no writings which require a more expert translator than these; but if the new edition is even passably well rendered into English, Anderson will soon number hosts of Americans among the great army of his lovers and readers.

BURGETTSTOWN, PA.

Annual Fair of the Washington County Agricultural Society—Large Attendance yesterday—The sweepstakes.

The annual exhibitions under the auspices of the State and County Agricultural Associations, where the farmer, the merchant, the manufacturer and mechanic are brought together in close communion to counsel with each other, and derive mutual advantages from the contact, have, since the close of the war awakened much more interest than marked them even in the palmiest days of peace. The return of this feeling of interest on the part of the people in such occasions, is the best evidence in the world of an improved and healthier state of the mind, the happiness of citizens and the general prosperity of the land. The war made havoc with such expositions, and those who had mistaken the temper of the people, when the agricultural field was almost deserted for the one of battle, and endeavored to hold the customary county and State fairs, they found no encouragement, and with depleted treasury, abandoned the exhibitions until such time as a more responsive spirit should pervade. That day of jubilee is with us now, and it is gladdening that these expositions of the farm and garden, the workshop and the studio are attracting interest, and that they are destined to be better patronized and more generously sustained in the future, thus securing them as permanent institutions among those of the land. We hope that the local Agricultural Society of this county will take fresh courage and enable our own people to manifest the change of temperament so observable in other communities.

Yesterday it was our pleasure to be in attendance at the annual fair of the Union Agricultnral Society of Washington county, held in the beautiful grounds of the Association in the picturesque and charming little village of Burgettstown. The fullest arrangements had been made to ensure the success of the fair and the result in every point of view was exceedingly gratifying. The various departments might have been much more attractive and the entries more numerous, but there was enough to be seen comfortably without wearying one's self; and after all, it is the people decked and adorned in their best and all wearing their holiday faces that go to make the fair all that its name implies. From early morning yesterday until the afternoon, men, women and children in all sorts of conveyances from the stately coach and four down to the humble truck wagon hauled by honest looking farm horses, poured into the town of Burgettstown, making it assume a metropolitan look. Special trains were run on the Panhandle railroad, carrying hundreds of visitors, many of whom were taken out from Pittsburgh. Altogether, at the fair during the day, nearly fifteen thousand persons were in attendance, and these came principally from the counties of Washington, Beaver, Allegheny and Fayette. The very best of order was maintained, a strong special police force having been sworn in for the occasion. There were any quantity of side shows including the learned pig and a quack doctor, and an armless woman the inevitable rifle man, the lung tester and a wild girl who was caught in the woods once in her life to catch in turn everybody who will believe her wonderful history. An enterprising gambler of this city turned an honest penny at three card monte, operating on the main highway of the town, holding his crowd and pocketing his gains with as much impunity as though the innocent little game was not prohibited by certain statutes.

We observed a number of agricultural implements from John Hall & Co's and other Pittsburgh houses. Several sewing machines, including the Weed and the American Combination, were among the attractive features.

The stock entries were quite numerous and the various departments contained animals well worthy a visit to see. In the general sweepstake race of yesterday afternoon, for a first prize of $100, and a second prize of $50, there was an exciting contest and considerable money changed hands on the result. Three enteries were made, viz: Joseph Fleming's gray horse, in wagon, "Sam Hill," a black horse from Beaver, and a bay horse, both under saddle. "Sam Hill" carried off the first prize without much exertion, making the excellent time of 2:39, 2:37, 2:36. Mr. Charles Jeremy, of Pittsburgh, had out his famous goer, but unfortunately no exhibition of speed by this favorite horse was offered, as he became ill the first day of the fair and could not be taken out of the stable. A velocipede race between two young men of this city was nicely conducted and seemed to greatly please those outside the ring. This contest ended the fair, which, as we have before taken occasion to say, was a success in every particular, and reflected much credit on all those associated with its management.

Amusements.

OPERA HOUSE.—A large and fashionable audience assembled at the Opera House last evening to see the Albaughs in "Our Mutual Friend," a thrilling drama. It was benefit night, Mrs. Albaugh being the beneficiery, and never, we venture say, did she appear to better advantage. Mr. Albaugh, who is a brilliant actor, was of course in the principal role, and the support by the members of the company was all that could be desired.

PITTSBURGH THEATRE.—The Old Theatre was crowded, as usual, last night, and the entertainment was an excellent one. The patrons of the establishment will of course remember the matinee this afternoon.

ENGLISH OPERA.—The Grand English Opera Troupe, headed by the great contralto, Madame Parepa Rosa, which is now fully organized for the season of 1869 and 1870, commenced the season at the French Theatre, New York, September the 11th, with the most flattering success. The troupe is under the management of Carl Rosa and C. D. Hess & Co., of Crosby's Opera House, Chicago, and will commence a season of six nights at the Academy of Music, in this city, on Monday evening, the 18th inst. The troupe is one of the largest, and doubtless the best, English Opera troupes ever organized in this country, and the lovers of the opera may anticipate a rich treat during their sourjourn with us.

THE MINSTRELS.—The four greatest living representatives of the burnt cork opera, Messrs. Allen, Pettingill, Delehanty and Hengler assisted by a full ochestra and vocal corps, will open a brief season of minstrelsy at the Academy of Music, commencing next Wednesday evening.

Undue Haste.

An officer reported last evening at the Mayor's office, that Thomas Longbran, who it will be remembered was seriously and it was thought fatally wounded in an affray in a saloon in Penn street, Thursday morning, had died at half-past eight o'clock, whereupon an information was made charging Hoffman, who it is alleged cut Longbran, with murder, and a commitment was lodged against him. On visiting the residence of the injured man at a late hour last night, we learned that he was still living but there are no hopes of his recovery.

Objections Urged.

M. A. Evans alleges that John Harkins and James Maslin threatened yesterday to punch his head and blacken his eye. He objected—the objections taking the form of an information for assault and battery, before Alderman Strain, upon which warrants for the arrest of the would-be punchers were issued.

THOU BRINGEST ME LIFE—LUNG-WORT.

One of the truest and most suggestive ideas can be obtained from the caption at the head of this article; for of all diseases which impair human health and shorten human life, none are more prevalent than those which affect the lungs and pulmonary tissues. Whether we regard lung diseases in the light of a merely slight cough, which is but the fore-runner of a more serious malady, or as a deep lesion corroding and dissolving the pulmonary structure, it is always pregnant with evil and foreboding of disaster. In no class of maladies should the physician or the friends and family of the patient be more seriously forewarned than in those of the lungs, for it is in them that early and effielent treatment is most desirable, and it is then that danger can be warded off and a cure effected. In DR. KEYSER'S LUNG CURE you have a medicine of the greatest value in all these conditions. An alterative, a tonic, a nutrient and resolvent, succoring nature and sustaining the recuperative powers of the system, Its beautiful workings, in harmony with the regular functions, can be readily observed by the use of one or two bottles: it will soon break up the chain of morbid sympathies that disturb the harmonious workings of the animal economy. The harrassing cough, the painful respiration, the sputum streaked with blood, will soon give place to the normal and proper workings of health and vigor.

An aggregated experience of over thirty years has enabled Dr. Keyser, in the compounding of his LUNG CURE, to give new hope to the consumptive invalid and at the same time speedy relief in those now prevalent, catarrhal and throat affections, so distressing in their effects and so almost certainly fatal in their tendencies, unless cured by some appropriate remedy. DR. KEYSER'S LUNG CURE is so thorough and efficient, that any one who has ever used it, will never be without it in the house. It will often cure when everything else fails, and in simple cases will cure oftentimes in a few days.

The attention of patients, as well as medical men, is respectfully invited to this new and valuable addition to the pharmacy of the country.

DR. KEYSER may be consulted every day until 1 o'clock P. M. at his Great Medicine Store, **167** Liberty street, and from **4** to **6** and **7** to **9** at night.

NOW IS THE TIME

To repair the inroads made upon the physical strength by the heated term which has closed with September. The vitality that has been oozing through the pores in the form of perspiration, for the last three months, requires to be replaced, as a preparative to the cold season which makes such disastrous havoc with relaxed and untoned sytems. The reverse of vigor with which the stoutest man commences the Summer campaign is drained out of him at its close, and unless by some means he acquires a new stock of vital energy wherewith to encounter the shock of a colder season, he may droop and wither like the falling leaves whose life-juices are exhausted. If it is thus with the strong, how much more perilous is the condition of the weak and ailing. Their reason must suggest to them, more forcibly than these printed words, the necessity for *invigoration*, and the world have decided, after an experience of nearly a quarter of a century, that HOSTETTER'S STOMACH BITTERS embrace such restorative properties as are not possessed by any other tonic and alternative preparation in existence. The importance of resorting to that great RENOVATOR AND REGULATOR OF THE HUMAN MACHINE, at this critical season is as obvious as the light of day. Let all who desire to escape an attack of chills and fever, bilious remittent fever, dysentery, diarrhœa, dyspepsia, rheumatism, hypochondria, or any other of the diseases of which the Fall season is the prolific parent, have recourse promptly to this celebrated preventive and restorative.

SOLDIERS' MONUMENT.

TO THE

CITIZENS OF ALLEGHENY CO.:

At a meeting of the Executive Committee of the Allegheny County Monumental Association, held on Tuesday, September 28th, 1869, the following Preamble and Resolutions were unanimous adopted:

WHEREAS, There appears to be a great diversity of opinion existing as to whether the SOLDIERS' MONUMENT should be located in the City of Pittsburgh or in Allegheny City; therefore:

Resolved, That the Building Committee appointed by this Association be, and they are hereby instructed to prepare tickets, and submit the question to a vote of the people of this County, at the ensuing election, on the Second Tuesday of October, the tickets to be—"For the City of Pittsburgh," and "For Allegheny City," a majority of the votes polled to decide the matter.

Resolved, That after the people shall have decided as to whether the Monument shall be located in Pittsburgh or Allegheny City, this Committee shall, as soon thereafter as practicable, designate the spot in the city chosen, whereon the Monument shall be erected.

In carrying out the instructions contained in the above resolutions, we deem it proper to say, that several sites for the Monument have been generously tendered the Association free of charge, by citizens both of Pittsburgh and Allegheny, and there being a great diversity of opinion as to which of the two cities presents the greatest claims and advantages, it has been thought but right, that the question involved should be submitted to the citizens of the County, who are deeply interested in the matter, for their decision, with the hope that it may prove satisfactory.

Tickets are herewith furnished the Election Boards of the various Election Districts of the County, with the request that they make such arrrangements as will secure a free and full expression of the opinion of the citizens of their respecitve districts, and that the vote be taken and certified in the usual form, and returned to the PRESIDENT OF THE BUILDING COMMITTEE at Pittsburgh.

FINANCE AND TRADE.

By Telegraph to the Pittsburgh Gazette.]
NEW YORK, October 8, 1869.

The *Post* says the Lake Shore directors are still in session. The directors will, we understand, authorize the appointment of a Committee to rectify some irregularities in the issue of $1,075,000 in stock, which was in the hands of the Treasurer previous to the failure of his firm. The number of the share certificates which cover this $1,075,000 range from 301 to 401 inclusive. An erroneous report was in circulation at one time this afternoon to the effect that the Company intended to repudiate this stock. It is expected that an advertisement will appear in the morning papers on this subject.

Money easy, 6@7 on call; steady and quiet at 9@9¼. Gold lower, opened at 31¼, touched 31⅛, closed at 30½@30⅝. Carrying rates, 5@2 per cent. to flat. Settlements are progressing and a very large portion of Friday's contracts have been closed.

Governments are steady but dull: Coupons of 1881, 120½@120¾; do. '62, 120¼@120½; do. '64, 119¾@119⅝; do. '65, 119⅞@120; new do. 118@118⅛; do. '67, 118@118⅛; do. '68, 118@118⅛; 10-40's, 108⅞@109. Currency 106@107¾.

State Bonds firmer: Missouris, 88¼; old Tennessees, 62; do. new 55; old Virginias, 50; do. new, 53; old North Carolinas, 48; do. new, 42½.

Stocks more active and higher, particularly New York Central, North Western and Lake Shore. PITTSBURGH MARKETS.

OFFICE OF PITTSBURGH GAZETTE, FRIDAY, October, 8 1869.

PETROLEUM MARKET.

OFFICE OF PITTSBURGH GAZETTE, FRIDAY, October, 8, 1869.

The oil market opened up a little stronger this morning under the influence of the advance reported at Antwerp, but in the afternoon the feeling was easier, and dullness and stagnation were the order of the day. There are many causes assigned for the unsettled and very unsatisfactory condition of the trade; but the most important one, so far at least as Pittsburgh is concerned, is the inequality in the prices of crude and refined, the former continuing, as it has been nearly all the year, much higher, relatively, than the latter; this is the great clog to the manufacturing business, and so long as the manufacturing business is clogged and crppled, all the other various interests connected directly or indirectly with it, must languish and suffer. Refiners tell us, and they ought to know, that there is no money whatever in the business, in the present condition of affairs, and, what is worse still, there are no indications apparent of any immediate improvement.

Discouraged and we might say disgusted with the condition of affairs in the East, refiners are beginning to turn their attention south and westward, and within the past ten days, there has been nearly, perhaps altogether, as much oil shipped west and south as there has been shipped east. We are cognizant of 2,500 bbls having been shipped to go to New Orleans: 2,000 to Mobile, Alabama; 1,000 to Galveston, Texas, while to Cincinnati, Louisville and St Louis, shipments are of very common occurrance. If our western railroads would reduce the freight on oil somewhat, our trade with the west would be much larger, and our shipments would be double, perhaps trible what they now are.

CRUDE.

Sales 1,000 seller October at 14½; 1,000 do at 14⅝; 1,000 at 14¾; 1,000 at 14¾; 1,200 first water at 14⅝; and 1,000 on Valley cars (at Venango City) at $5,75. Seller option all year at 14@14¼; and buyer, 14¾@15.

REFINED.

Sale 1,000 bbls last half October at 32¼ and 2,500 at 32. In the afternoon, as already intimated, the market was somewhat weaker, and October last half was quoted at 31⅞@32. October to December could have been sold at 32; and spot may be quoted at 31⅞@32. Sales for Western trade at 29½@29¾, that is for standard brands, delivered on boat.

The Pittsburgh Gazette.

TO THE REPUBLICAN VOTERS OF ALLEGHENY COUNTY.

The Republican County Executive Committee respectfully submit the following suggestions relative to the election on Tuesday next, and earnestly invite the attention of our friends throughout the county to them:

1. See that the polls are opened in every district at the earliest hour named by law, and that they are kept open until the latest hour. The polls may be opened between six and seven o'clock in the morning and must be closed at seven in the evening. If full Boards are not present at six o'clock A. M., see that the vacancies are filled and the polls opened at seven o'clock A. M.

2. Poll the Republican vote as early as possible in every district, keeping lists as nearly correct as practicable while the voting is going on of all who have voted.

3. Be prepared with full and perfect lists of every Republican voter in the different districts, and not later than three P. M. commence sending out and bringing in and seeing that all Republicans vote whom your lists show have not been at the polls.

4. Have competent and proper men in every district as challengers, and especially have numerous and efficient block committees, (and so arranged that they may be relieved from time to time,) who will be responsible for every republican vote in their respective blocks and districts,

5. Have our friends pay particular attention to persons offering to vote on naturalization papers, and especially to every person attempting to vote on a Luzerne county naturalization certificate, or on a naturalization certificate issued by the Supreme Court of Pennsylvania, and bearing date since the first of September, 1868.

6. Whenever an attempt is made to vote illegally, or a vote is cast by any person not having proper papers, and not a legal voter of the election district, have the offender promptly arrested.

7. The following abstract as to qualifications of voters, proof of age, &c., is ESPECIALLY commended to the attention of the voters:

QUALIFICATIONS OF A VOTER.

1. He must be a native or naturalized Citizen of the United States, of the age of TWENTY ONE YEARS or more.

2. He must have resided in the State at least ONE YEAR, and in his election district at least TEN DAYS immediately preceding such election, and have paid, within two years, a STATE or COUNTY TAX, which had been assessed within two years and at least ten days before the election.

EXCEPTION.—Persons VOTING ON AGE, (being under twenty-two years of age,) may vote without being assessed and without having paid such tax. This exception does *not* extend to naturalized citizens.

3. All persons citizens of the United States formerly qualified voters of this State, but who had removed therefrom and paid taxes, as herein before indicated, are entitled to vote after six months' residence in the State.

All of the above classes should be registered within ten days prior to the Election; but if through neglect or otherwise their names do not appear on the Registry list, they will be allowed to vote only on going to the polls and making affidavit of the fact that they fall within one of these classes, and filing at the same time the affidavit of one qualified elector of the District in proof of their residence, within that Election District for ten days preceding the Election—excepting persons who render proper, proof of their right to vote on age who are not required to pay a tax.

PROOF OF AGE.

Age may be proved by the persons offering to vote, or by any other legal evidence.

PROOF OF RESIDENCE.

Residence within the State may be proved in the same manner as age, *but the fact of residence within the proper election district*, MUST BE PROVED by his own oath and the testimony of at least one qualified elector and comptent witness. The residence must be *bona fide* and not simply for the purpose of voting. IN CASE OF REMOVAL within ten days before the election he may vote in the district from which he removed.

PROOF OF NATURALIZATION.

The only evidence of naturalization is the certificate under the seal of a competent court, produced to the election officers. ITS LOSS AND CONTENTS CANNOT BE PROVEN IN ANY CASE.

The naturalization certificate must be produced to the election officers by the naturalized citizen before voting, and upon the vote of such person being received, it is the duty of the election officers to write or stamp on such naturalization certificate the word "voted," with the month and year.

EXCEPTION—Where a naturatized citizen shall have been a citizen and resident of the district where he offers to vote, for at least ten years next preceding the election, his own oath (without production of any certificate) shall be *prima facia* evidence of naturalization.

IDENTITY.

Although the certificate is evidence of naturalization, yet the person offering to vote, MUST, IF REQUIRED, PROVE BY LEGAL EVIDENCE (not his own oath) that he is the identical person named in such certificate.

PAYMENT OF TAXES

May be proved by the production of the receipt for the payment of tax, and oath of the person himself or other competent witness. If he fail to produce such receipt he must make oath to the payment of a tax. If required, the genuineness of the receipt must be proved.

OPPOSING EVIDENCE.

Evidence may be produced against any person claiming the right to vote, or to contradict the evidence in his behalf.

GENERAL MATTERS.

Any election officer or qualified elector has the right to challenge any person offering to vote; and, when objection is thus made, it is the duty of the inspectors to require such person to prove his right to vote. The testimony must be satisfactory to the inspectors.

Persons whose names are registered may be challenged, and when challenged they are required to produce the same proof as to their right to vote as persons who are not registered.

Where there are more names on a ticket than there ought to be, the ticket should be rejected. The Polls should be closed at the proper hour regardless of the fact whether or not all persons present have voted.

Temporary absence on public business or in the military service, does not disqualify a voter. Native citizenship must be proved when such proof is required by either of the inspectors or by any qualified voter. The minor children of persons who were aliens, though born out of the United States, if dwelling in the United States at the time of the naturalization of their parents, become citizens by such naturalization of their parents. Proof of the fact, if required, must be made by the production of the certificate or duplicate thereof, and evidence of identity, as in other cases.

JUDGES AND INSPECTORS.

The Inspectors and Judges are required to meet before seven o'clock, A. M., and each Inspector shall appoint one Clerk. In case the person who received the second highest number of votes for Inspector shall not attend, the person who received the second highest number of votes for Judge shall act in his place. In case the person who received the highest number of votes for Inspector shall not attend, the person elected Judge shall appoint an Inspector in his place. In case the Judge elect shall not attend, the Inspector who received the highest number of votes shall appoint a Judge in his place.

If any vacancy shall continue in the election Board for the space of three quarters of an hour after six o'clock, the voters present shall elect one of their number to fill such vacancy before seven o'clock.

By order of

J. ERASTUS MCKELVY,
Chairman on Naturalization.

Agricultural Report for September.

The Commissioner of Agriculture says: The season has been peculiar. The region most subject to drought, that west of the Mississippi and Missouri, has had the most regular supply of rain, and the valley of the former has had an abundant rain-fall to its mouth, while Alabama and Georgia have suffered from drought, and the Atlantic States in a still higher degree, not only throughout the tide-water region, but in a large portion of the eastern States. On the Southern Atlantic seaboard the heat has been greater this year than in '68, and the rain-fall less; north and east of New York the heat has been less, as also the rain-fall. In the one case it was too hot, in the other too cold for corn and other summer crops, which suffered accordingly. While drought has prevailed east of the Alleghenies, the great Mississippi basin has had an unusual amount of rain. West Virginia and Ohio alone of the central area had less rain-fall (in August) than in 1868. The excessive moisture of the summer is sustained to its close, especially in Wisconsin, Minnesota, Iowa, Nebraska, Kansas, and Missouri. Both the early and the latter rains have been somewhat extraordinary west of the Missouri, yet the high temperature and deep thirsty soils of that region have converted the visitation into a blessing.

The drought of the seaboard has not been equalled in many years. "Extracts from correspondence" will show the injurious effects of this excessive drought on corn, cotton, and garden vegetables.

Corn.—The corn crop has been the prey of numerous ills in every section of the country. The only States that now show an average condition are: Nebraska, Kansas, Florida, Louisiana, Texas and Arkansas. Excessive rains retarded planting, and necessitated replanting in the spring throughout the west and south; cold, wet weather prevented healthy, vigorous growth in almost every State; and in the season of earing and maturing a serious drought affected it on the Atlantic coast, with injurious heat in the South, and unfavorable reduction of temperature in the North. In deep soils, naturally drained, the extreme moisture of the West did no injury; in heavy or flat lands, with clay subsoil, the damage was great, in some cases resulting in total failure. The loss, as shown in the table, is forty-nine per cent. in Virginia; from thirty to forty in Maine, Vermont, Maryland, North Carolina, South Carolina, Tennessee, Kentucky, Illinois, Michigan, Wisconsin; from twenty to thirty in New Hampshire, Connecticut, New York, New Jersey, Delaware, Georgia, Indiana, Ohio, Iowa, and Minnesota; from ten to twenty in Massachusetts and Pennsylvania, and one to ten per cent. in Rhode Island, Alabama, Mississippi, Missouri, and California. Unless the close of the season is very favorable, there must be one hundred and fifty millions of bushels less than a full crop.

Wheat.—This crop, as a whole, is large. The only States showing a decrease are Illinois, Michigan, Iowa and California. Some of it is inferior in quality, and a small portion has been injured by rains after harvest, but a considerable portion of the western wheat is of good quality, and that of the south is decidedly superior.

Fruit.—Fruits, as a rule, have yielded abundantly; apples in a less degree then other species. New York, Pennsylvania, West Virginia, Michigan and Illinois, all apple regions have nearly a full supply; New England a material reduction.

Stock Hogs.—There is not only a reduction in the number of stock hogs, but in condition. Missouri, Kansas, Nebraska, and Minnesota, rapidly growing States, have made an increase in numbers, as have some of the Southern States. There is apparently a decrease, as compared with last year, of five to ten per cent.

STATE ITEMS.

REV. ALFRED TAYLOR, Secretary of the Pennsylvania Sunday School Association, has resigned as Corresponding Secretary.

EASTERN exchanges contain detailed accounts of the destruction of property by the freshet last week. Much suffering has been entailed, and steps were taken in different places to alleviate it.

DANIEL NULL, of Frankstown, Blair county, was found dead recently on his grain drill, with which he had been working in a field. He was lying on the machine, with his face mashed and his neck broken, and it is supposed he took a fit and fell with his head on the wheel. He was found near the scene of the accident, the horses having stopped.

THE wood work in the shaft of a coal mine near Pittston, ventilated and constructed similar to the Avondale mine, caught on fire Friday morning, of last week, while one hundred men were in the mines. Fortunately the fire was near the opening of the shaft, and was extinguished before the air in the mines was consumed. A number of the men were hauled up out of the mine while the fire was raging.

A YOUNG man in Kingston, New York, went to see his girl the other night, and when he started for home, the night being dark, his inamorata gave him a red paper lantern to light his lonely way. He took the railroad track and was walking leisurely along, his mind no doubt filled with agreeable thoughts of the fair one he had just left, when his reverie was ended by some one in the rear, who gave the Chinese lantern a kick that sent it flying. "Confound you," said the person from behind, "here I've been slowing my train for the last two hours on account of that red light." And looking behind him the young man saw a freight train, whose engineer had disturbed his meditations.

SPECIAL NOTICES.

SCHENCK'S PULMONIC SYRUP, SEAWEED TONIC AND MANDRAKE PILLS will cure Consumption, Liver Complaint and Dyspepsia, if taken according to directions. They are all three to be taken at the same time. They cleanse the stomach, relax the livor and put into work; then the appetite becomes good; the food digests and makes good blood; the patient begins to grow in flesh; the diseased matter ripens into the lungs, and the patient outgrows the disease and gets well. This is the only way to cure consumption.

To these three medicines Dr. J. H. Schenck, of Philadelphia, owes his unrivaled success in the treatment of pulmonary Consumption. The Pulmonic Syrup ripens the morbid matter in the lungs, nature throws it off by an easy expectoration, for when the phlegm or matter is ripe a slight cough will throw it off, and the patient has rest and the lungs begin to heal.

To do this, the Seaweed Tonic and Mandrake Pills must be freely used to cleanse the stomach and liver, so that the Pulmonic Syrup and the food will make good blood.

Schenck's Mandrake Pills act upon the liver, removing all obstructions, relax the ducts of the gall bladder, the bile starts freely, and the liver is soon relieved; the stools will show what the Pills can do; nothing has ever been invented except calomel (a deadly poison which is very dangerous to use unless with great care,) that will unlock the gall bladder and start the secretions of the liver like Schenck's Mandrake Pills.

Liver Complaint is one of the most prominent causes of Consumption.

Schenck's Seaweed Tonic is a gentle stimulant and alterative, and the alkali in the Seaweed, which this preparation is made of, assists the stomach to throw out the gastric juice to dissolve the food with the Pulmonic Syrup, and it is made into good blood without fermentation or souring in the stomach.

The great reason why physicians do not cure Consumption is, they try to do too much; they give medicine to stop the cough, to stop chills, to stop night sweats, hectic fever, and by so doing they derange the whole digestive powers, locking up the secretions, and eventually the patient sinks and dies.

Dr. Schenck, in his treatment, does not try to stop a cough, night sweats, chills or fever. Remove the cause, and they will all stop of their own accord. No one can be cured of Consumption, Liver Complaint, Dyspepsia, Catarrh, Canker, Ulcerated Throat, unless the liver and stomach are made healthy.

If a person has consumption, of course the lungs in some way are diseased, either tubercles, abcesses, bronchial irritation, pleura adhesion, or the lungs are a mass of inflammation and fast decaying. In such cases what must be done? It is not only the lungs that are wasting, but it is the whole body. The stomach and liver have lost their power to make blood out of food. Now the only chance is to take Dr. Schenck's three medicines, which will bring up a tone to the stomach, the patient will begin to want food, it will digest easily and make good blood; then the patient begins to gain in flesh, and as soon as the body begins to grow, the lungs commence to heal up, and the patient gets dry and well. This is the only way to cure Consumption.

When there is no lung disease and only Liver Complaint and Dyspepsia, Schenck's Seaweed Tonic and Mandrake Pills are sufficient, without the Pulmonic Syrup. Take the Mandrake Pills freely in all bilious complaints, as they are perfectly harmless.

Dr. Schenck, who has enjoyed uninterrupted health for many years past, and now weighs 225 pounds, was wasted away to a mere skeleton, in the very last stage of Pulmonary Consumption, his physicians having pronounced his case hopeless and abandoned him to his fate. He was cured by the aforesaid medicines, and since his recovery many thousands similarly afflicted have used Dr. Schenck's preparation with the same remarkable success. Full directions accompany each, making it not absolutely necessary to personally see Dr. Schenck, unless patients wish their lungs examined, and for this purpose he is professionally at his Principal Office, Philadelphia, every Saturday, where all letters for advice must be addressed. He is also professionally at No. 32 Bond street, New York, every other Tuesday, and at No. 33 Hanover street, Boston, every other Wednesday. He gives advice free, but for a thorough examination with his Respirometer the price is $5. Once hours at each city from 9 A. M. to 3 P. M.

Price of Pulmonic Syrup and Seaweed Tonic each $1.50 per bottle, or $7.50 a half dozen. Mandrake Pills 25 cents a box. For sale by all druggists. mv19:l31-d&F

CITY AND SUBURBAN.

THE GAZETTE *is furnished in the city for six days of the week for* 15 *cents per week; by mail,* $8 *per annum: 3 mos.,* $2.

The law in regard to the arrangement of ward tickets, published in Thursday's GAZETTE, does not apply to Allegheny City.

Election tickets for the wards of Pittsburgh and Allegheny, and adjacent, districts can now be obtained at the headquarters of the Republican County Committee. The persons into whose hands the tickets may be placed should not fail to have them at the place of voting between six and seven o'clock, A. M., the time fixed for the opening of the polls.

Our Readers in Allegheny, on the west side of Federal street, who do not get their paper before seven o'clock in the morning, will do us a favor by leaving word to that effect in our counting room. The tardiness on the part of the carrier is wholly inexcusable as we print and deliver the papers to him in ample time to enable all to be circulated before seven o'clock.

Break Down.—Yesterday afternoon a couple of wagons loaded with gas pipe broke down on Fulton street, Sixth ward.

Will be Here.—Hon. H. B. Swope telegraphs us that he will positively be present at the Fifth avenue and Smithfield street meeting to night.

A good turn is done our readers when we commend to them the American House, Boston. The same management is continued which has made it so popular in the past.

Republican Primary Meeting in the Twenty-third ward will be held on Saturday evening, at Hazelwood School House, for placing in nomination a ticket for ward officers. By order of the Executive Committee.

Fifth Avenue Fight.—Wm. H. Green and Peter Mackey met on Fifth avenue night before last, and came together suddenly. Yesterday, as a result, William caused a warrant to be issued by Alderman McMasters for the arrest of Mackey for assault and battery.

Room for Rent.—A furnished room, fronting on Wylie street, will be let to one or two gentlemen with or without board. The location is the most desirable on this street. Reference required. Call at No. 94 Wylie street for particulars. 3

Blockaded.—During the paving of Seventeenth street, which has commenced, travel will have to be suspended on that thoroughfare. Drivers of vehicles will remember and not cross the bridge while the blockade remains, which will be about two weeks.

A Troublesome Toss.—John Smith, colored, threw a brickbat in Wide Alley, Sixth Ward, yesterday afternoon. Unfortunately the missile came in contact with a colored brother,s head, George Smith, and as a result, John was arrested, taken before Alderman Butler, and finally committed to jail for a hearing on a charge of assault and battery.

Building Unlawfully.—Yesterday afternoon Street Commissioner McFadden caused the arrest of Geo. H. Lemmitt for building a frame stable on his property on Berry street, Sixteenth Ward, contrary to city ordinance. The case was investigated before Alderman Neeper, when Lemmitt was compelled to pay a fine of fifty dollars and the costs of suit.

Alleged False Pretence.—Samuel Meagher made information before Alderman McMasters, yesterday, charging Mrs. Mary McKenna with obtaining fifty-nine dollars worth of groceries from him by falsely representing herself as the owner of two hundred acres of land in Butler county and three thousand dollars in the Third National Bank, this city. Warrant issued.

Mercantile Library Lecturess.—The public will be pleased to hear that the first Lecture of the course, under the auspices of the Young Men's Library Association, will be delivered by the prince of humorous Lecturers, Mark Twain, on the 15th of November. Those buying season tickets should call at the Library Rooms, Penn and Sixth streets, as we learn they are being disposed of very rapidly.

The Western Union Telegraph Company, with a view of affording better accommodations to that portion of the business community having their stores and warerooms in the neighborhood of the Union Depot and the outer wards, have just established a receiving, or branch office, at No. 323 Liberty street, near Wayne. This office will have direct communication with all leading points, and our business friends, for whom the great accommodation is intended, cannot too highly appreciate the consideration thus paid to their interest and convenience by the Western Union Company. The branch office goes into operation today, and will be in the immediate charge and keeping of courteous and reliable operators.

Whisky Seized.

Assistant Assessor Robert McCready, yesterday seized forty barrels of whisky in this city, manufactured and shipped here by Mr. South, of Greene county, Pa. It appears that the barrels were stamped, and the tax paid on thirty-five to thirty-eight gallons each, when according to the guage marks on the barrels, they contained from forty-two and a half to forty-five gallons each, and the Government was consequently defrauded out of the tax on seven gallons per barrel on the forty barrels, making a total of two hundred and eighty gallons, which at fifty cents per gallon would make $140.

A Newly Invented and First Class Family Cook Stove.

At the Burgettstown fair yesterday we noticed a novel, newly invented patent coal stove, from the well known and extensive foundry of Messrs. Joseph H. Greer & Bro., Bridgewater, (Rochester,) Pa., excited much comment among the visitors. It is circular in shape, occupying but little room, and is supplied with seven plates. The heat is regulated by a damper, so that it can in an instant be transferred either to the plates or thrown to the oven in any desired intensity—advantages which will be duly appreciated by housekeepers. The oven is supplied with a movable rack which can be readily changed into any desired position. The stove is supplied with registers, and throughout is as pretty a piece of workmanship as we have ever seen, all the parts being smoothly finished and put together in a neat fitting manner. It sells for from twenty-five to twenty-nine dollars including outfit. There are many special merits in this stove which must combine to make it a great favorite when once known. We hear that the Messrs. Greer propose to manufacture them largely for sale, and any of our friends contemplating purchasing a stove should not fail to award them proper attention and consideration.

Fraternal.

Thomas Magill and his two cousins, Mary and Michael Magill, attended a ball in Allegheny the other evening. "Tripping the light fantastic," or something else, seems to have had a punacious influence on Mary and Michael, if Thomas' statement be true. He alleges just in the highest of the festivities he was approached by these two and his enjoyment suddenly brought to an end by a combined attack upon him, during which his head and other parts of his body suffered severely. To have the matter fully investigated he caused warrants to be issued yesterday for the arrest of the assailants for assault and battery. The hearing will come off before Alderman Strain.

The Jail Extension.

The new addition to the County Jail is being rapidly finished, and will probably be ready for occupancy about the 18th inst, when one hundred prisoners, who are now lodged in rather close quarters in the old building, will be transferred to it. The new cells are very strongly built, lined with iron and otherwise made secure, while at the same time the ventilation is good, rendering them very comfortable residences for persons of retiring dispositions.

The other portion of the Court House extension is being pushed forward as rapidly as possible, but will not be completed for some time yet.

MISSIONARY.

American Board of Commissioners for Foreign Missions.—Closing Services.

The closing services of the American Board of Commissioners of Foreign Missions, were held in the Third Church, yesterday morning. The meeting was called to order and opened with prayer by the Rev. Geo. Andrews, at half-past eight o'clock.

The minutes of the preceding meeting were read and approved.

Rev. Mr. Johnson presented a paper requesting that a re-examination of his relations with the board be made.

Dr. Adams, of the Business Committee reported relative to the paper referred to them from Rev. Mr. Johnson, that the paper be referred to a special committee of five for investigation.

The recommendation was adopted and the Chairman appointed W. A. Bond, Esq., Rev. J. E. Stevens, Dr. Blodget. Dr. Lafferty, and H. P. Haven, Esq.

The congregation then united in singing the hymn commencing:

"All Hail the Power of Jesus name
Let Angels prostrate fall."

Gov. Hale from the Business Committee submitted the following:

Resolved, That on the sixteenth anniversary of our society we feel constrained to recognize with devout and humble thanksgiving the good hand of our God upon us from the begining hithertoo.

1st.—We praise him for including so many of our sons and our daughters to preach among the Gentiles the unsearchable riches of Christ to sustain them by their cordial sympathy and untiring intercession.

2d.—We praise him for sparing so many of our fellow-laborers- some of them far advanced in life to see this day, and we praise Him as well for those who have finished the course and have passed with divine trust and radiant hope to their eternal rest.

3d.—We praise him for the changes he has wrought as marvellous as they were unexpected whereby the scriptures of the Almighty have been broken and the ten leaved gates have been torn open so that hundreds of persons have been made acceptable to the Gospel of Crist.

Resolved, That we cannot refrain from expressing our deliberate and profound conviction that the churches uniting in the operations of the Board are summoned to more earnest and prayerful endeavors for the enthronement of Christ in all the earth.

1. God has called us to the occupancy of some of the largest and noblest mission fields in the world.

2. He has blessed our efforts so long and so greatly that the necessities of our success are urging us forward more and more.

3d.—He has given us our heritage, in this good land and multiplied our facilities for speedy and efficient actiou for this age, and that with stronger faith and warmer love, we may go forth and proclaim among the heathen the acceptable word of the Lord.

4th.—In our material prosperity expanding and hence the more perilous our best safe-guard against worldliness and envy will be a fitting consecration of our property, as well at ourselves to our Saviours choice work.

After remarks by Hon. Mr. Dodge, Vice-President, relative to the finances of the Board, Hon. Lewis Childs, of the Prudential Committee, Hon. Mr. Barstow and prayer by Rev. Dr. Sweetzer, and singing of the twentieth hymn commencing:

"From the third Heaven where God resides."

The Repoet was adopted.

Rev. Mr. Treat stated that the regular business of the Board had been concluded and it only remained now to go through the closing exercises.

Rev. Mr. Rendell, from the Madura Mission, was introduced, and gave a detailed statement of mission work in the field from whence he came.

Rev. Mr. Blodget, from the China Mission, was next introduced, and spoke in detail of the mission work in that vast Empire.

The Secretary read the minutes of the session which were approved.

Rev. Mr. Clark stated that he had just received a donation to the Board of one thousand dollars' worth of astronomical instruments and books, the gift of Davis & Woods, of this city, for which the thanks of the Board were returned.

The President of the Board, Rev. Dr. Hopkins, addressed the meeting briefly, thanking the people of Pittsburgh, the committees of the Board, and expressing his gratefulness to God for having met with the Board in this city.

Rev. Mr. Noble, pastor of the Third Church, made the parting or farewell address, which was most eloquent and feeling.

The congregation then united in singing the party hymn, commencing

"Blest be the tie that binds
Our hearts in Cristian love."

After which Rev. Dr. Anderson made the closing prayer and pronounced the benediction, when the Board adjourned *sine die.*

The Keystone Pottery.

The ware rooms of the Keystone Pottery, Messrs. Kier & Co., proprietors, No. 363 Liberty street, are filled with a choice assortment of the fluest styles and makes of queensware to be found in the city. The cheapness, durability and high finish of the Keystone ware is its greatest recommendation, and that which has made it heretofore so popular. Housekeepers in need of anything in this line cannot do better than by purchasing from the large assortment on hand at 363 Liberty street. By so doing they will secure the best article at a cheap rate, and at the same time give their patronage to a institution.

The Duty of the Press.

There have been few greater benefactors of mankind than the man who built the first light house. What a source of comfort it has been to the toilers of the sea—like a good conscience forever giving warning of the rocks and breakers, and pointing always to the smooth waters and the safe harbors. The press is, or should be, the light house of society, and not only should never cease to warn of errors, but should constantly point the way which is for the public advantage. To a certain extent it does—that is in all matters of trade and commerce—where men's pockets are concerned. No trouble is too great, no pains are spared, that the merchant may have the latest information that may enable him to make a good bargain. To this end the land is covered with the telegraph wires, and all our papers bristle with long columns of figures, the product of long and patient toil.

But how is it in the more important concern of the physical well-being of society? From the reticence of the press on this subject one would suppose it was a minor matter. No word of warning is uttered while Quacks unnumbered ply their dangerous arts—no suggestion is offered as to where the afflicted may safely go that they may be healed. Now we do not feel that we can discharge our duty faithfully to the public and keep silent; we therefore mean from time to time to caution the public from dangers threatening them, and likewise to commend to them practitioners upon whom them they may depend. At the present time we mean to warn the public against Dental Quacks—for they are numerous, and far from being harmless. Go to none of them under any circumstances. Do not be enticed by promises of cheapness, or misled by the customary clap-trap. Such affairs are too important to incur any risk. Take our advice and go to Dr. G. W. Spencer, of 254 Penn street, and you can trust him implicitly; he is master of his profession.

Defied Him.

Two eminent members of the bar quarreled the other day, and from words came to blows. The stronger of the two, a powerful man—at the fists—knocked his adversary down twice, exclaiming with vehemence, "You scoundrel and villain I'll make you behave yourself like a gentlemen," to this the other, unconquerable and undismayed, as indignantly replied; "You can't do it, no sir. *I defy you.* I defy you." Mr. Joseph Leiber No. 104 Wood street the popular and enterprising trunk manufacturer, has on hand at his establishment one the largest and finest assortment of goods in his line ever seen in Pittsburgh, and with which, in price, style or quality, he defies competition. Mr. Lieber is a practical manufacturer, and hence his great success. Parties in need of trunks, valises, traveling satchels, or anything of that character, should call at once, at No. 104 Wood street. They cannot get suited better anywhere in the city for material while the prices are absolutely below anything conceivable by those who have heretofore been paying exorbitant rates.

Business Suits.

Mr. W. Hespenheid, merchant tailor, No. 60 Sixth street, is now making up suits for business men from materials just received from the East, and of new and beautiful patterns. Every garment manufactured at this establishment is warranted in quality, exactly as represented, so that customers may rely upon receiving a full equivalent for their money. Another special feature of Mr. Hespenheid's work consists in the fact that no article is sent away from his care unless it fits to the perfect satisfaction of the purchaser. None but the best hands are employed, whether in the cutting or making up of the clothing, and for this reason Mr. Hespenheid's house has an enviable reputation for the satisfaction which is always rendered to its patrons. Just now special attention is called to these business suits, adapted for fall and winter wear, and which have become very popular. Whether in material, price or style, they cannot be excelled.

An Excellent Idea.

If you wish to ask a favor of a man never do so unless you are certain he is not at the time in a condition of hunger. To make sure of this a good plan would be to take him to the Continental, Fifth avenue, next door below the Postoffice, and allow him to satiate his appetite on the appetising fare for which the institution is so famous, and after that, ten chances to one, you will have no difficulty in getting him to grant the favor asked, if it be in his power. The experiment is well worth a trial by those in need of assistance.

Lecture.

Miss Sarah P. Hidder will deliver a free lecture, explanatory of the system of Soldiers' Orphan Schools, in the Methodist Episcopal Church at Braddock's Field, on Monday evening, October 11th, at 7¼ o'clock P. M.; also at the McKeesport Baptist Church on Tuesday evening, October 12th, at 7½ o'clock P. M. The object is a noble one, and Miss Hidder bears testimonials from trading men of this State. The lecture is a happily conceived and well written production, and was listened to with much interest by a highly appreciative audience in this city. Every one should hear it.

Pimples, Blotches, Eruptions or humors appearing upon the face are removed by the use of Dr. Pierce's Alterative Extract, or Golden Medical Discovery. For Weak Back, Female Weakness, or Irregularities, nothing equals it. Sold by druggists, or send three and a quarter dollars to Dr. R. V. Pierce, Buffalo, N. Y., for three bottles free of Express charges.

Marvin's Crackers have no superior in the market. Special care is taken in their manufacture, and as a consequence, the best article is produced. They should be on hand in every house, as no table is complete without such articles.

The Best Place.

Mr. John Megraw has on hand at his tobacco establishment, No. 45 Hand street, one of the largest and finest assortments of goods in that line ever brought to the city, to which he invites the attention of purchasers, wholesale and retail. The long standing and business reputation of this house is a guarantee that every article on hand is of the best character, and all that it is represented. Wholesale purchasers will find it of special advantage to deal with this house.

The assortment comprises everything in the line of tobacco, cigars and snuff, together with a selected stock of pipes, pouches, meerschaums and smoker's apparatus, all of which is offered at prices much below the usual cost. Mr. Megraw being an extensive purchaser from first hands, and constantly receiving new goods, is enabled to offer special inducements to his patrons.

In the retail trade, also, he is specially prepared. His stock in this direction has been carefully selected, and will be found full and complete. In the line of cigars, gentlemen will find a rare assortment for evening parties or clubs. One particularly fine lot of Plantation brand sell as high as $120 per thousand, but these are an exception, the general prices being much more favorable. For integrity in transaction, excellence and completeness of stock and reasonable prices, whether in the wholesale or retail departments, we can cordially and honestly recommend this establishment to all who desire to get an equivalent for their money.

From personal knowledge of the standing enjoyed by this house, and the character of the goods kept on sale, we feel satisfied none can do better than by bestowing upon it their patronage.

The Continental.

To-day a superb dinner will be placed on the board at the Continental, next door below the Postoffice, Fifth avenue. Those who have heretofore tested the ability of Mr. Holtzheimer as a caterer to the public tastes, will understand this announcement to mean something peculiarly attractive. Well prepared, served up in clean, neat style, and by attentive and polite waiters, the entertainments at the "Continental" are always of a first class character.

"Alisma."—It is not often that we have the time to spare, or the inclination, to notice any of the thousand and one preparations sold throughout the country, each, as it is claimed, being a sovereign cure for one or more of the ills that flesh is heir to. Indeed, we have froquently wondered that people ever died at all, or grew old even, when, by a small outlay they could furnish themselves with something which would keep disease at bay, and defy the assault of time!

Concerning the efficacy of one of these remedial preparations—and one which has become celebrated of late—we can speak from personal experience, and conscientiously say it is good. We refer to "Alisma," an article for restoring and preserving the hair, manufactured by Messrs. Seward & Bently, Chemists and Druggists, No. 189 Main street, Buffalo. —*Buffalo Commercial Advertiser.*

Important.—The lecture season will open next month which will be an interesting fact for lecture goers, but not more so to ladies than the announcement of the opening a of new and carefully selected stock of goods at the fashionable dress goods and trimmings store of W: W. The Burdett Organ.

Our friend, Mr. H. Kleber, has just returned from Chicago, where he has selected at the factory some fifty of the famous Burdett Organs. The rise and progress in public favor of the "Burdett" is something wonderful. The wonder, however, ceases when you have heard the music it makes. Such softness, sweetness and delicacy of tone, and such volume power, and variety of sound, have never before been joined in any one instrument. Mr. Burdett, in the proud consciousness of the superiority of his organs, has not spent one dollar in advertising, where others have spent thousands, and yet he is always behind his orders. To be good, an instrument must talk for itself, so go to Kleber's and hear and be convinced.

"If men or women could but find the fabled fountain which is said to restore health, and strength, and beauty, with what eagerness they would rush to drink its waters. It is found in the S. T.—1860—X. The sale of the PLANTATION BITTERS is without a precedent in the history of the world. They are at once the most speedy, strengthening health-restorer ever discovered. It requires but a single trial to understand this.

MAGNOLIA WATER.—Superior to the best imported German Cologne, and sold at half the price. TH.S.T.F.

The best and Original Tonic of Iron, Phosphorus and Calisaya, known as Caswell, Mack & Co's Ferro Phosphorated Elixir of Calisaya Bark. The Iron restores color to the blood, the Phosphorus renews waste of the nerve tissue, and the Calisaya gives a natural healthful tone to the digestive organs, thereby curing dyspepsia in its various forms, Wakefulness, General Debility and Depression of Spirits. Manufactured only by Caswell, Hazard & Co., New York. Sold by all druggists. s

Clean Yards.—Nothing detracts more from the exterior appearance of a house than muddy, dirty walks leading to and around it. This annoyance can now be very easily obviated, and the walks made pleasant to look upon and durable, by the Boulevard Pavement, for which Messrs. McCowan & Co., No. 65 Ohio street, Allegheny, are the agents in this vicinity. Owners of property should give the Boulevard a trial.

Among the latest improvements which are now commanding general attention the improvement in the manufacturs of crackers, as exhibited in the superior articles turned out from Marvin's establishment, No. 91 Liberty street, is worthy of special notice.

Linen Cambric Handkerchiefs—Linen Goods of all kinds. Bates & Bell's.
